

Young People Reports

Young People (Monthly Returns only)

Individuals under the age of 18 at the midpoint (30th September) in the year in question.

New Presentations

The number of clients residing in the DAT, presenting for treatment services in the month. An individual can only be counted once within the DAT each month but may be counted in more than one month if they have presented for services at different times during the year.

Numbers in Treatment

The number of clients residing in the DAT, 'in treatment' in the month. An individual can only be counted once within the DAT each month but may be counted in more than one month. An individual is defined as being in treatment if any portion of their treatment episode(s), between triage and discharge, overlaps with the month in question.

Numbers in Treatment to date

The number of clients residing in the DAT, 'in treatment' in the year to date. An individual can only be counted once within the DAT and within the period year to date. An individual is defined as being in treatment if any portion of their treatment episode(s), between triage and discharge, overlaps with the year to date i.e April to current month.

Number of Discharges

The number of clients residing in the DAT, discharged from treatment services in the month. An individual can only be counted once within the DAT each month but may be counted in more than one month if they have been discharged at different times during the year.
