Field	Definition
Reporting periods	
ReportingPeriod_Data	The year covered by the row of data (1 April to 31 March). Available years: 2009-10 2010-11 2011-12 2012-13 2013-14 2014-15 2015-16 2016-17 2017-18

Field	Definition
Substance categories	
DrugGroup_Data	<p>Individuals presenting to adult alcohol and drug treatment services are categorised by the substances they cite as problematic at the start of treatment. They are categorised by the following hierarchal criteria:</p> <ul style="list-style-type: none"> • any mention of opiate use would result in the client being categorised as an OPIATE client (irrespective of what other substances are cited) • clients who present with non-opiate substances (without opiates or alcohol) will be classified as NON-OPIATE ONLY • clients who present with a non-opiate substance and problematic alcohol use during their treatment journeys will be classified as NON-OPIATE AND ALCOHOL • clients who present with alcohol and no other substances will be categorised as ALCOHOL ONLY
Gender	
Gender_Data	Gender (male or female)
Treatment categories	
Num_InTreatment_AllInTx	Total number of individuals in treatment during the reporting period
Num_NewPresentation_NewTx	Total number of individuals new to treatment that started during the reporting period
Indicator – substance use – all in treatment	
Substance_OpiateCrackCocaine_AllInTx	The total number of individuals citing opiates and crack cocaine use as problematic for all clients in treatment during the reporting period
Substance_OpiateNotCrackCocaine_AllInTx	The total number of individuals citing opiates but not crack cocaine use as problematic for all clients in treatment during the reporting period
Substance_CrackCocaineNotOpiate_AllInTx	The total number of individuals citing crack cocaine but not opiates use as problematic for all clients in treatment during the reporting period
Substance_Cannabis_AllInTx	The total number of individuals citing cannabis use as problematic for all clients in treatment during the reporting period
Substance_Cocaine_AllInTx	The total number of individuals citing cocaine use as problematic for all clients in treatment during the reporting period
Substance_Benzodiazepine_AllInTx	The total number of individuals citing benzodiazepine use as problematic for all clients in treatment during the reporting period

Field	Definition
Substance_AmphetaminesNotEcstasy_AllInTx	The total number of individuals citing amphetamines (not including ecstasy) use as problematic for all clients in treatment during the reporting period
Substance_Ecstasy_AllInTx	The total number of individuals citing ecstasy use as problematic for all clients in treatment during the reporting period
Substance_Mephedrone_AllInTx	The total number of individuals citing Mephedrone use as problematic for all clients in treatment during the reporting period
Substance_NPS_AllInTx	The total number of individuals citing NPS use as problematic for all clients in treatment during the reporting period
Substance_Hallucinogen_AllInTx	The total number of individuals citing hallucinogens use as problematic for all clients in treatment during the reporting period
Substance_Alcohol_AllInTx	The total number of individuals citing alcohol use as problematic for all clients in treatment during the reporting period
Substance_Other_AllInTx	The total number of individuals citing other drugs use as problematic for all clients in treatment during the reporting period
Indicator – substance use – new presentations	
Substance_OpiateCrackCocaine_NewTx	The total number of individuals citing opiates and crack cocaine use as problematic for clients starting treatment during the reporting period
Substance_OpiateNotCrackCocaine_NewTx	The total number of individuals citing opiates but not crack cocaine use as problematic for clients starting treatment during the reporting period
Substance_CrackCocaineNotOpiate_NewTx	The total number of individuals citing crack cocaine but not opiates use as problematic for clients starting treatment during the reporting period
Substance_Cannabis_NewTx	The total number of individuals citing cannabis use as problematic for clients starting treatment during the reporting period
Substance_Cocaine_NewTx	The total number of individuals citing cocaine use as problematic for clients starting treatment during the reporting period
Substance_Benzodiazepine_NewTx	The total number of individuals citing benzodiazepine use as problematic for clients starting treatment during the reporting period
Substance_AmphetaminesNotEcstasy_NewTx	The total number of individuals citing amphetamines (not including ecstasy) use as problematic for clients starting treatment during the reporting period
Substance_Ecstasy_NewTx	The total number of individuals citing ecstasy use as problematic for clients starting treatment during the reporting period
Substance_Mephedrone_NewTx	The total number of individuals citing Mephedrone use as problematic for clients

Field	Definition
	starting treatment during the reporting period
Substance_NPS_NewTx	The total number of individuals citing NPS use as problematic for clients starting treatment during the reporting period
Substance_Hallucinogen_NewTx	The total number of individuals citing hallucinogens use as problematic for clients starting treatment during the reporting period
Substance_Alcohol_NewTx	The total number of individuals citing alcohol use as problematic for clients starting treatment during the reporting period
Substance_Other_NewTx	The total number of individuals citing other drugs use as problematic for clients starting treatment during the reporting period
Indicator – age of clients – all in treatment	
Age_1824_AllInTx	The total number of individuals in the age group 18 - 24 for all clients in treatment during the reporting period
Age_2529_AllInTx	The total number of individuals in the age group 25 - 29 for all clients in treatment during the reporting period
Age_3034_AllInTx	The total number of individuals in the age group 30 - 34 for all clients in treatment during the reporting period
Age_3539_AllInTx	The total number of individuals in the age group 35 - 39 for all clients in treatment during the reporting period
Age_4044_AllInTx	The total number of individuals in the age group 40 - 44 for all clients in treatment during the reporting period
Age_4549_AllInTx	The total number of individuals in the age group 45 - 49 for all clients in treatment during the reporting period
Age_5054_AllInTx	The total number of individuals in the age group 50 - 54 for all clients in treatment during the reporting period
Age_5559_AllInTx	The total number of individuals in the age group 55 - 59 for all clients in treatment during the reporting period
Age_60_AllInTx	The total number of individuals in the age group 60+ for all clients in treatment during the reporting period
Indicator – age of clients – new presentations	

Field	Definition
Age_1824_NewTx	The total number of individuals in the age group 18 - 24 for clients starting treatment during the reporting period
Age_2529_NewTx	The total number of individuals in the age group 25 - 29 for clients starting treatment during the reporting period
Age_3034_NewTx	The total number of individuals in the age group 30 - 34 for clients starting treatment during the reporting period
Age_3539_NewTx	The total number of individuals in the age group 35 - 39 for clients starting treatment during the reporting period
Age_4044_NewTx	The total number of individuals in the age group 40 - 44 for clients starting treatment during the reporting period
Age_4549_NewTx	The total number of individuals in the age group 45 - 49 for clients starting treatment during the reporting period
Age_5054_NewTx	The total number of individuals in the age group 50 - 54 for clients starting treatment during the reporting period
Age_5559_NewTx	The total number of individuals in the age group 55 - 59 for clients starting treatment during the reporting period
Age_60_NewTx	The total number of individuals in the age group 60+ for clients starting treatment during the reporting period
Indicator – club drugs and NPS – all in treatment	
ClubDrug_Ecstasy_AllInTx	The total number of individuals citing ecstasy use as problematic for all clients in treatment during the reporting period
ClubDrug_Ketamine_AllInTx	The total number of individuals citing ketamine use as problematic for all clients in treatment during the reporting period
ClubDrug_GHBGBL_AllInTx	The total number of individuals citing GHB or GBL use as problematic for all clients in treatment during the reporting period
ClubDrug_Methamphetamine_AllInTx	The total number of individuals citing methamphetamine use as problematic for all clients in treatment during the reporting period
ClubDrug_Mephedrone_AllInTx	The total number of individuals citing Mephedrone use as problematic for all clients in treatment during the reporting period
ClubDrug_NPS_AllInTx	The total number of individuals citing NPS use as problematic for all clients in treatment during the reporting period
Indicator – club drugs and NPS – new presentations	

Field	Definition
ClubDrug_Ecstasy_NewTx	The total number of individuals citing ecstasy use as problematic for clients starting treatment during the reporting period
ClubDrug_Ketamine_NewTx	The total number of individuals citing ketamine use as problematic for clients starting treatment during the reporting period
ClubDrug_GHBGBL_NewTx	The total number of individuals citing GHB or GBL use as problematic for clients starting treatment during the reporting period
ClubDrug_Methamphetamine_NewTx	The total number of individuals citing methamphetamine use as problematic for clients starting treatment during the reporting period
ClubDrug_Mephedrone_NewTx	The total number of individuals citing Mephedrone use as problematic for clients starting treatment during the reporting period
ClubDrug_NPS_NewTx	The total number of individuals citing NPS use as problematic for clients starting treatment during the reporting period
Indicator – source of referral – new presentations	
ReferralSource_DrugServiceStat_NewTx	The total number of individuals referred to treatment by a statutory drug service for clients starting treatment during the reporting period. This variable is grouped into “Substance misuse service subtotal” in national statistics documentation
ReferralSource_DrugServiceNonStat_NewTx	The total number of individuals referred to treatment by a non- statutory drug service for clients starting treatment during the reporting period. This variable is grouped into “Substance misuse service subtotal” in national statistics documentation
ReferralSource_GP_NewTx	The total number of individuals referred to treatment by a GP for clients starting treatment during the reporting period. This variable is grouped into “Health services and social care subtotal” in national statistics documentation
ReferralSource_Self_NewTx	The total number of individuals referred to treatment by self-referral for clients starting treatment during the reporting period. This variable is grouped into “Self, family and friends subtotal” in national statistics documentation
ReferralSource_Self_ViaHealthProf_NewTx	The total number of individuals referred to treatment by self-referral via a health professional for clients starting treatment during the reporting period. This variable is grouped into “Self, family and friends subtotal” in national statistics documentation
ReferralSource_ArrestReferral_NewTx	The total number of individuals referred to treatment by an arrest referral for clients starting treatment during the reporting period. This variable is grouped into “Criminal justice subtotal” in national statistics documentation
ReferralSource_Comm_Rehab_NewTx	The total number of individuals referred to treatment by a Community Rehabilitation

Field	Definition
	Company (CRC) for clients starting treatment during the reporting period. This variable is grouped into “Criminal justice subtotal” in national statistics documentation
ReferralSource_Liaison_Diversion_NewTx	The total number of individuals referred to treatment by a Liaison & Diversion service for clients starting treatment during the reporting period. This variable is grouped into “Criminal justice subtotal” in national statistics documentation
ReferralSource_DRR_NewTx	The total number of individuals referred to treatment by DRR for clients starting treatment during the reporting period. This variable is grouped into “Criminal justice subtotal” in national statistics documentation
ReferralSource_Other_YP_NewTx	The total number of individuals referred to treatment by young persons for clients starting treatment during the reporting period. This variable is grouped into “Other subtotal” in national statistics documentation
ReferralSource_NatProbationService_NewTx	The total number of individuals referred to treatment by probation referral (National Probation Service) for clients starting treatment during the reporting period. This variable is grouped into “Criminal justice subtotal” in national statistics documentation
ReferralSource_Probation_NewTx	The total number of individuals referred to treatment by probation referral for clients starting treatment during the reporting period. This variable is grouped into “Criminal justice subtotal” in national statistics documentation
ReferralSource_AandE_NewTx	The total number of individuals referred to treatment by A & E for clients starting treatment during the reporting period. This variable is grouped into “Health services and social care subtotal” in national statistics documentation
ReferralSource_SyringeExchange_NewTx	The total number of individuals referred to treatment by a syringe exchange program for clients starting treatment during the reporting period. This variable is grouped into “Health services and social care subtotal” in national statistics documentation
ReferralSource_Psychiatry_NewTx	The total number of individuals referred to treatment by psychiatry for clients starting treatment during the reporting period. This variable is grouped into “Health services and social care subtotal” in national statistics documentation
ReferralSource_CommunityCareAssessment_NewTx	The total number of individuals referred to treatment by a community care assessment for clients starting treatment during the reporting period. This variable is grouped into “Health services and social care subtotal” in national statistics documentation
ReferralSource_Prison_NewTx	The total number of individuals referred to treatment by a prison for clients starting treatment during the reporting period. This variable is grouped into “Criminal justice

Field	Definition
	subtotal” in national statistics documentation
ReferralSource_EmploymentService_NewTx	The total number of individuals referred to treatment by an employment service for clients starting treatment during the reporting period. This variable is grouped into “Other subtotal” in national statistics documentation
ReferralSource_Other_NewTx	The total number of individuals referred to treatment by other reasons for clients starting treatment during the reporting period. This variable is grouped into “Other subtotal” in national statistics documentation
ReferralSource_EducationService_NewTx	The total number of individuals referred to treatment by an education service for clients starting treatment during the reporting period. This variable is grouped into “Other subtotal” in national statistics documentation
ReferralSource_Connexions_NewTx	The total number of individuals referred to treatment by connexions for clients starting treatment during the reporting period. This variable is grouped into “Other subtotal” in national statistics documentation
ReferralSource_SocialServices_NewTx	The total number of individuals referred to treatment by social services for clients starting treatment during the reporting period. This variable is grouped into “Health services and social care subtotal” in national statistics documentation
ReferralSource_ChildrenSocialServices_NewTx	The total number of individuals referred to treatment by a Children’s Social Services for clients starting treatment during the reporting period. This variable is grouped into “Health services and social care subtotal” in national statistics documentation
ReferralSource_LAC_NewTx	The total number of individuals referred to treatment by LAC for clients starting treatment during the reporting period. This variable is grouped into “Other subtotal” in national statistics documentation
ReferralSource_Other_SexWorkProj_NewTx	The total number of individuals referred to treatment by a sex work project for clients starting treatment during the reporting period. This variable is grouped into “Other subtotal” in national statistics documentation
ReferralSource_Hospital_NewTx	The total number of individuals referred to treatment by a hospital for clients starting treatment during the reporting period. This variable is grouped into “Health services and social care subtotal” in national statistics documentation
ReferralSource_Other_FamilyFriend_NewTx	The total number of individuals referred to treatment by a family member or friend for clients starting treatment during the reporting period. This variable is grouped into “Self, family and friends subtotal” in national statistics documentation
ReferralSource_CommunityAlcoholTeam_NewTx	The total number of individuals referred to treatment by a community alcohol team for

Field	Definition
	clients starting treatment during the reporting period. This variable is grouped into “Substance misuse service subtotal” in national statistics documentation
ReferralSource_Other_CommHealth_NewTx	The total number of individuals referred to treatment by a community health provider for clients starting treatment during the reporting period. This variable is grouped into “Health services and social care subtotal” in national statistics documentation
ReferralSource_Other_TreatProv_NewTx	The total number of individuals referred to treatment by a treatment provider for clients starting treatment during the reporting period. This variable is grouped into “Substance misuse service subtotal” in national statistics documentation
ReferralSource_Other_CJ_NewTx	The total number of individuals referred to treatment by criminal justice for clients starting treatment during the reporting period. This variable is grouped into “Criminal justice subtotal” in national statistics documentation
ReferralSource_Other_Helpline_NewTx	The total number of individuals referred to treatment by helpline for clients starting treatment during the reporting period. This variable is grouped into “Other subtotal” in national statistics documentation
ReferralSource_JobCentrePlus_NewTx	The total number of individuals referred to treatment by job centre plus for clients starting treatment during the reporting period. This variable is grouped into “Other subtotal” in national statistics documentation
ReferralSource_Employer_NewTx	The total number of individuals referred to treatment by an employer for clients starting treatment during the reporting period. This variable is grouped into “Other subtotal” in national statistics documentation
ReferralSource_ATR_NewTx	The total number of individuals referred to treatment by ATR for clients starting treatment during the reporting period. This variable is grouped into “Criminal justice subtotal” in national statistics documentation
ReferralSource_MissingorUnknown_NewTx	The total number of individuals in treatment with a missing or unknown referral source for clients starting treatment during the reporting period
Indicator – waiting times – new presentations	
WaitsFirst_3WeeksAndUnder_NewTx	The total number of individuals in treatment with a waiting time of under 3 weeks for clients starting treatment during the reporting period
WaitsFirst_3To6Weeks_NewTx	The total number of individuals in treatment with a waiting time of 3 to 6 weeks for clients starting treatment during the reporting period
WaitsFirst_Over6Weeks_NewTx	The total number of individuals in treatment with a waiting time of greater than 6 weeks for clients starting treatment during the reporting period

Field	Definition
Indicator – housing situation – new presentations	
HousingSituation_UrgentProblem_NewTx	The total number of individuals in treatment with a housing situation of urgent problem for clients starting treatment during the reporting period
HousingSituation_HousingProblem_NewTx	The total number of individuals in treatment with a housing situation of housing problem for clients starting treatment during the reporting period
HousingSituation_NoProblem_NewTx	The total number of individuals in treatment with a housing situation of no problem for clients starting treatment during the reporting period
HousingSituation_Other_NewTx	The total number of individuals in treatment with a housing situation of other for clients starting treatment during the reporting period
HousingSituation_NotStatedOrMissing_NewTx	The total number of individuals in treatment with a housing situation not stated or missing for clients starting treatment during the reporting period
Indicator – injecting status – new presentations	
Injecting_Currently_injecting_NewTx	The total number of individuals in treatment with an injecting status of currently injecting for clients starting treatment during the reporting period
Injecting_Previously_injecting_NewTx	The total number of individuals in treatment with an injecting status of previously injecting for clients starting treatment during the reporting period
Injecting_Never_NewTx	The total number of individuals in treatment with an injecting status of never for clients starting treatment during the reporting period
Injecting_DeclinedToAnswer_NewTx	The total number of individuals in treatment who declined to answer about injecting status for clients starting treatment during the reporting period
Injecting_Missing_NewTx	The total number of individuals in treatment with a missing injecting status for clients starting treatment during the reporting period
Indicator – employment status – new presentations	
EmploymentStatus_RegularEmployment_NewTx	The total number of individuals in treatment with an employment status of regular employment for clients starting treatment during the reporting period
EmploymentStatus_UnemployedInactive_NewTx	The total number of individuals in treatment with an employment status of unemployed/inactive for clients starting treatment during the reporting period
EmploymentStatus_LongTermSickDisabled_NewTx	The total number of individuals in treatment with an employment status of long term sick / disabled for clients starting treatment during the reporting period

Field	Definition
EmploymentStatus_InEducation_NewTx	The total number of individuals in treatment with an employment status of in education for clients starting treatment during the reporting period
EmploymentStatus_UnpaidVoluntary_NewTx	The total number of individuals in treatment with an employment status of unpaid / voluntary for clients starting treatment during the reporting period
EmploymentStatus_Other_NewTx	The total number of individuals in treatment with an employment status of other for clients starting treatment during the reporting period
EmploymentStatus_NotStatedMissing_NewTx	The total number of individuals in treatment without an employment status or with an employment status of not stated for clients starting treatment during the reporting period
Indicator – treatment exits – all in treatment	
Exits_Completed_AllInTx	The total number of individuals exiting treatment with a completed status for all clients in treatment during the reporting period
Exits_CompletedNoDrugUse_AllInTx	The total number of individuals exiting treatment with a completed - no drug use status for all clients in treatment during the reporting period
Exits_Died_AllInTx	The total number of individuals who died during treatment for all clients in treatment during
Exits_DroppedOut_AllInTx	The total number of individuals exiting treatment with a dropped out status for all clients in treatment during the reporting period
Exits_MovedAway_AllInTx	The total number of individuals exiting treatment with a moved away status for all clients in treatment during the reporting period
Exits_NoAppropriateTreatment_AllInTx	The total number of individuals exiting treatment with a no appropriate treatment status for all clients in treatment during the reporting period
Exits_NotKnown_AllInTx	The total number of individuals exiting treatment with a unknown status for all clients in treatment during the reporting period
Exits_Other_AllInTx	The total number of individuals exiting treatment with another status for all clients in treatment during the reporting period
Exits_Prison_AllInTx	The total number of individuals exiting treatment with a prison status for all clients in treatment during the reporting period
Exits_TransferredNotInCustody_AllInTx	The total number of individuals exiting treatment with a transferred - not in custody status for all clients in treatment during the reporting period
Exits_TransferredInCustody_AllInTx	The total number of individuals exiting treatment with a transferred - in custody status for all clients in treatment during the reporting period

Field	Definition
Exits_ReferredOn_AllInTx	The total number of individuals exiting treatment with a referred on status for all clients in treatment during the reporting period
Exits_TreatmentDeclined_AllInTx	The total number of individuals exiting treatment with a treatment declined status for all clients in treatment during the reporting period
Exits_TreatmentWithdrawn_AllInTx	The total number of individuals exiting treatment with a treatment withdrawn status for all clients in treatment during the reporting period
Exits_Inconsistent_AllInTx	The total number of individuals exiting treatment with an inconsistent status for all clients in treatment during the reporting period
Indicator – completed and not re-presented – all in treatment	
SCNR_InTreatment_AllInTx	Total number of individuals in treatment during the reporting period
SCNR_SCRN_AllInTx	Number of individuals completing treatment in the calendar year and not re-presenting to treatment in the following six months
SCNR_Completion_AllInTx	Number of individuals completing treatment in the calendar year
SCNR_Representation_AllInTx	Number of individuals completing treatment in the calendar year and re-presenting to treatment in the following six months
