

## Young People Monthly Reports - Guidance and Definitions

### Young People

Individuals under the age of 18 at the midpoint (30<sup>th</sup> September) in the year in question.

### No. In Treatment

The number of clients residing in the reported area who are 'in treatment' in the month. An individual can only be counted once within the reported area each month but may be counted in more than one month. An individual is defined as being in treatment if any portion of their treatment episode(s), between triage and discharge, overlaps with the month in question.

### New Presentations

The number of clients residing in the reported area, presenting for a new episode of treatment in the month. An individual can only be counted once within each month but may be counted in more than one month if they have presented for services at different times during the year.

### No. In Treatment YTD

The number of clients residing in the reported area who are 'in treatment' in the year to date. An individual can only be counted once within the period year to date. An individual is defined as being in treatment if any portion of their treatment episode(s), between triage and discharge, overlaps with the year to date i.e. April to current month.

### Number of Discharges

The number of clients residing in the reported area who are discharged from a treatment service in the month. An individual can only be counted once within each month but may be counted in more than one month if they have been discharged at different times during the year.
